

Innovative and Bespoke **Premium Lodges**

Unique Lodges is a division of Carabuild Leisure Homes and our concept here is to create bespoke innovative lodges which are unique to individual requirements and design preferences.

Each 'Unique Lodge' by definition is a Park Home and meets the requirements of BS3632 residential specifications.

Our specialist design team will work with you to design and create a Lodge which reflects and compliments your style choices.

The space you call home should be suitably distinctive and we feel very strongly about customer satisfaction and delivering a Lodge which meets high quality and safety standards.

Unique Lodges are proud to introduce our first design concept, the Mirage Lodge. A sanctuary providing tranquillity and pure luxury. This modern lodge exudes lavish styling and furnishings with an exceptional layout.

Offering open plan living, dining and kitchen facilities, the level of quality is second to none. With real wood worktops, acrylic gloss doors, copper features, heavy duty flooring and a feature fireplace which provides comfort and style in abundance.

The desirable solid oak and pine furniture throughout is designed to withstand the years and provide ample storage solutions.

The colour scheme is contemporary and warm and of course all of our Lodges can be customised from the design of the layout and material choices to the soft furnishings and fabric options.

The master bedroom is indulgent in style with a king size bed, oak furniture and walk in wardrobe. The fully tiled en-suite bathroom is a luxurious retreat offering contemporary facilities including a wall inset TV.

When creating all Unique Lodges careful thought is put in to the construction of the structure and interior design to ensure we build all Lodges to the highest possible standards. We select only the finest products to enhance the quality of our range of Lodges. For example, the Mirage features solid larch exterior cladding and exuberates optimal lighting via its triple bi-fold doors to the front aspect.

With so many customisation options available a Unique Lodge is guaranteed to appeal and meet all of your requirements.
